****Making a selection does not mean that does not mean you are assigned to this game.** Others referees could have also selected this game. I will do my best to make sure that the refing assignments are given out as evenly as possible.

5. To see which games have been assigned to you, click on the tab that says Confirmed.

6. Sign up for as many games as your schedule will allow and the games will be divided up as evenly as possible. There will often be several games available on the same day and time.

7. Scheduling of assignments will be confirmed every Monday for the following week. For example, on Monday, May 9, the scheduling will be confirmed for the week of May 16th.

****Exception:** For the first 2 weeks of the season referee assignments will be confirmed quickly.
